Ok. Megan was going next week. Do we need her there then?

I'll be in St Louis for the next two weeks, but overseeing PRP construction at Riverfront when I'm not at West Lake.

Subject: St Louis availability

This availability for March was last updated a couple of weeks ago. I understand there is a high likelihood that work will not be completed 2/28. Please let me know if you are still available as indicated. Go ahead and count on every weekend as well, because the activities indicated below are no longer accurate.

Dan and Matt - Let me know which weeks you can cover too.

Westlake field availability – nothing planned at this point
